

BEYDOUN FIRE & SAFETY S.A.L

Objective & Presence

Established in 1993 with a clear objective

“Save the people and their properties”

BFS is the sole distributor of many worldwide leaders in the fields of fire and security. Our teams of qualified engineers and experienced technicians design, supply, install, and maintain all fire and safety systems, providing continuous after-sales technical support.

Over the years, our group of companies has supplied and installed hundreds of fire and security systems in various sectors, including banks, factories, governmental buildings, commercial companies, airlines, hotels, restaurants, telecommunication companies, hospitals, and oil fields in Lebanon, Iraq, and several African countries such as Ghana, Tunisia, and Nigeria.
